On 26 and 27 November 2016 Canberra ASC is hosting 413 swimmers at the Christmas Classic at the AIS. With this many swimmers and family attending there may be logistical (seating) issues.

To ensure that we enjoy ourselves and the kids are focused we need you all (clubs and families) to follow the seating plan.

We also ask all families and clubs to work together to ensure that we all look after one another so that enough space is available for all attending the pool this weekend. Please keep your belongings together and be considerate of others.

Note that there is also space in the courtyard area, where you can set up your own chairs and shade. Some shade is provided.

If there are any issues, please see:
